PROPERTY OVERVIEW

**Nek Veterinary
Services Group**
S 1st St, Hiawatha, KS 66434

INVESTMENT HIGHLIGHTS

Stable, Long-Term Investment | Options to Extend

- There are over 11 years remaining on the lease, with two five-year options to extend, providing a future owner with long-term income stability.

Comprehensive Veterinary Services

- NEK Veterinary Services is a full-service animal hospital in Hiawatha, KS, providing wellness exams, vaccinations, dental care, spay/neuter, parasite prevention, deworming, and microchipping, along with routine pet surgery and anesthesia. The hospital also offers advanced surgery, including orthopedic procedures such as cruciate ligament repair, soft tissue surgeries such as mass removals, and emergency surgical intervention, supported by pre-surgical diagnostics and personalized post-operative recovery plans. Additional services include an in-house pharmacy and medical grooming, giving pet owners a trusted destination for both routine and advanced care.

Only Full-Service Animal Hospital in Hiawatha | Irreplaceable Market Position

- NEK Veterinary Services is the only animal hospital in Hiawatha treating both large animals/livestock and companion animals, and the only local provider offering 24-hour hospitalization and emergency stabilization. This supply-constrained position, paired with a multi-doctor team and advanced diagnostic capabilities, makes the asset difficult to replicate or displace.

AmeriVet Veterinary Partners Corporate Guaranty

- The lease is guaranteed by AmeriVet Veterinary Partners, one of the fastest-growing veterinary consolidators, operating over 200 hospital locations across the United States and backed by AEA Investors.

Built-In Rent Growth

- The lease features 2.5% annual rental increases, providing a future owner with a boost in cash flow and a hedge against inflation throughout the life of their investment.

INVESTMENT HIGHLIGHTS

Strong Regional Connectivity

- The property sits roughly 18 miles south of the Nebraska border and 40 miles west of the Missouri border, with convenient access to Interstates 29 and 70, and is within 41 miles of St. Joseph, Missouri, and approximately 92 miles of Kansas City.

Established Clinical Team

- The hospital is staffed by a team of four full-time veterinarians, reflecting both the depth of services offered and the strength of patient demand.

Agriculture-Anchored Trade Area

- Brown County's economy is rooted in farming and ranching, generating consistent, non-discretionary demand for large-animal veterinary services that is largely insulated from retail and e-commerce disruption.

Healthcare Real Estate | Recession-Resistant Property

- Veterinary hospitals are extremely sought-after investments for their resistance to downturns in the economy and e-commerce trends that affect traditional retail properties.

Tenant Investment in Location

- Pet hospitals rarely relocate due to difficulty retaining the same patients in a new location and the high costs associated with moving and build outs.

Robust Industry Growth

- The global veterinary services market, valued at \$156.5 billion in 2025, is projected to reach \$263.1 billion by 2034, growing at a compound annual rate of 5.94%.

AMERIVET
VETERINARY PARTNERS

Tenant Overview

AmeriVet Veterinary Partners is one of the largest veterinary practice management organizations in the United States, providing operational, administrative, and business support to companion animal hospitals while allowing local veterinarians to retain clinical autonomy and community-focused identities. Founded by veterinarians, the company has established a differentiated partnership model centered on preserving practice culture, supporting long-term growth, and enhancing patient care through centralized resources.

Why Invest in Amerivet Veterinary Partners?

- **Defensive Industry Fundamentals:** Veterinary care is a non-discretionary healthcare service supported by long-term pet ownership trends, increasing spending on companion animal health, and recurring demand for preventative and emergency care.
- **Large and Growing National Platform:** AmeriVet supports more than 213 veterinary hospitals across 37 states, providing broad geographic diversification and meaningful operating scale within the fragmented veterinary services industry.
- **Experienced Institutional Ownership:** Backing from AEA Investors and the Abu Dhabi Investment Authority (ADIA) provides access to capital, strategic resources, and operational expertise that support continued expansion and long-term growth.
- **Proven Acquisition Strategy:** The company has demonstrated consistent growth through partnerships and acquisitions of independent veterinary practices, strengthening its market presence while maintaining each clinic's local identity.
- **Resilient Partnership Model:** AmeriVet's veterinarian-first approach preserves clinical autonomy and established community brands, helping attract high-quality practices and support long-term physician retention.
