On The Move Car Wash

8405 Beach Blvd, Jacksonville, FL 32216

JACKSONVILLE, FL

The Greater Jacksonville area is characterized by steady and notable population growth, indicating its rising regional appeal. This expansion has reached a historic milestone: **Jacksonville is now officially the most populous city in Florida and the 10th largest city in the United States.**

The region's growth is fueled by more than just sunshine. Data confirms a 3.8% increase from 2020 to 2023 and a 15.5% surge over the past decade, driven by consistent domestic migration and a varied demographic profile. Central to this momentum is the city's transformation into a premier corporate hub, now boasting over **150 regional and divisional headquarters.** This business-friendly

environment has propelled Jacksonville to rank as the **#2 strongest job market in the nation.**

A key driver of this evolution is the 25—34 age group, which comprises 16.2% of the population. This demographic provides the area with a youthful, dynamic workforce perfectly suited for the burgeoning corporate landscape. The resulting influx of young professionals has led to a significant increase in household formation, highlighting Jacksonville's status not just as a professional powerhouse, but as an increasingly attractive destination for long-term residency.
