Possession Immediate

Healthy by Design

Awarded LEED Silver certification, Northfield Park's health consciousness is rooted in physical infrastructure and extends to user experience. More than a quarter of construction materials were made with recycled content, 35% were sourced regionally and all paints, adhesives and coatings have low VOC materials. Natural light is optimized through design with 90% of occupied areas in direct line of sunlight. Water use is conscientious with cistern rain collection directed to landscaping irrigation and low-flow plumbing fixtures throughout.

Expansion Opportunities

Business success marries supporting current needs with maintaining flexibility. With a large campus, we have expansion opportunities in the existing buildings, and also a future development lot at 2300 University Avenue E.

An Array of Benefits

Boasting best-in-class infrastructure and world-class Waterloo talent, Northfield Park offers an established company every benefit, including room for growth.

Located on 38.6 acres, its four "Class A" office buildings sit alongside ±18.74 acres of developable land. Ample parking, both open and covered, accommodated a thriving work force as do covered bicycle parking, green roof, staff showers and a stop on the iXpress 202 GRT bus line.

A Tier 3 data center surpasses standards and virtually column-free floor plates with underfloor cabling support a wide range of users (located in Building D).

Bell + Rogers

Northfield Park

Northfield Park is a part of community filled with lush green spaces and vibrant parks for its tenants. Nearby parks include RIM park, and the Walter Bean Grand River Trail. This trail runs the total length of 11 km and is ideal for walking, running, biking and cross-country skiing, making it the ideal escape away from the office, while still being within a diverse city.

LEED Silver Building

Certified LEED Silver building saves on energy, water, resources and generates less waste to support sustainability. All improvements aid in a stronger, performance-based approach to indoor environmental quality for better occupant comfort.

St. Jacobs Farmers Market

World famous, the St. Jacobs Farmers Market is a year round market held Thursday & Saturday, plus Tuesdays throughout summer months. 100s of vendors in a variety of buildings and outdoor stalls.

Third Tier Data Centre

Location	Over the past decade, the Waterloo area has seen a pronounced growth in business-friendly services including a variety of local and nationally recognized restaurants and other retailers within 2 km of the Campus. Positioned at the intersection of two major arterial roads, Northfield Drive and University Avenue, the Northfield Campus offers excellent accessibility with ample parking and is serviced by the Grand River Transit Bus (Route 202).
Tier 3 Data Centre	11,019 Sq. Ft.
Building	Building D, (Northfield Campus)
Access	The buildings are accessible from the north via a driveway from University Avenue East
Ceiling & Floor	Ground Floor: 14'6" slab-to-slab, 13' slab-to-grid Upper Floors: 10'11" slab-to-slab
Electrical	Redundant source electrical systems, with two separate incoming 27.6 kV feeds from Waterloo Hydro. Two high-voltage substations are located in the main electrical room(s). This facility has 4 megawatts.
Emergency Power System	Five dual-fuel Generac generators (diesel/natural gas), each supplying 600 kW. Each generator has an integrated 5,115 L fuel storage tank on the bottom, filled from outdoor connections.
UPS	Two (2) Moeller units with an output of 480V and 560 amps each
Fire Protection	The building is fully sprinklered, and monitored by multi-zone, two-stage fire alarm systems. There are pre-action and dry chemical (FM-200) suppression systems for water-sensitive areas.
HVAC	A Delta Building Automation System (BAS) controls the operation of the HVAC systems. The building has hot water heating boilers located in the mechanical penthouse. Central chilled water system consists of two centrifugal chillers, two cooling towers, pumps and heat exchanger for free cooling. The system is sized to provide full redundancy.

Amenities

Wide Stairwells

Allow for elevator-free access. Creating distance between those using them allowing for 6ft of physical distance.

Only Four Floors

Interactions can be kept to a minimum, unlike high rise office building. Allows for privacy and security.

More Square Footage Per Person

Suburban office space allows for more square footage without the added cost.

Elevator Strategy - 2 People at a Time

Current strategy involves a maximum allowance of two people per elevator ride. Continuing to be monitored.

Surrounded by Walking Trails & Green Space

Campus is surrounded by many walking trails and greenspace, allowing for a healthy work-life balance and outdoor opportunities.

91% Exposed Natural Light

Building boasts an abundance of natural light throughout

Outdoor Patio & Green Roof

Flexible outdoor spaces allow for exposure to the outdoors throughout the work day as well as opportunity for outdoor events.

Sanitizing Stations Throughout

Already located throughout office spaces as well as shared spaces.

Enhanced Cleaning & Ventilation

Building procedures and HVAC systems are currently being monitored and upgraded as needed.

Global Institutional Owner Who is Responding to Covid-19 Concerns

Spear Street Capital is monitoring the situation on a global and local level and using their expertise to respond.

Abundance of Parking On Site

Parking available for both vehicle and bicycles

'Solo' Commute Focused

Suburban location relies less on public transit, although it is still available.

LEED Silver Building

Saves on energy, water, resources and generates less waste to support sustainability.

NEW Free On Site Fitness Facility

Currently under construction, this new facility will be free for all campus employees providing health and convenience.

NEW Lobby & Outdoor Space

New lobby will provide a sleek, modern space to greet guests as well as hold meetings or events

Modern Chic Design

Chic meets comfort, Lobby 2.0 is skillfully designed to house all needs, whether it be a meeting with a client or a grabbing a quick cup of joe.

Open Concept Lobby

Lobby 2.0 features bright open spaces to welcome all that walk through its doors.

Collaborative Spaces

Central to success, Lobby 2.0 brings creativity and synergy in its effective spaces.
