BEEDIE BY DESIGN

Beedie has a long history of specializing in the development of state-of-the-art industrial business parks and built-to-suit facilities, working with both national and international companies to meet our clients' present and future building requirements. Beedie has customized industrial space for high-profile clients including Saputo, Leon's, BMW Canada, FedEx Ground, TELUS, and Avalon Dairy.

With more than 65 years of experience, Beedie has the expertise to customize any property to the exact requirements of its clients – from loading bays, lighting, column spacing, and power requirements, everything is considered. From 1,000,000 square foot distribution facilities to industry-leading food manufacturing facilities, there is no project too small, too large, or too complex for our Development and Construction teams.

With the ability to integrate acquisition, land development, design, and construction under one roof, Beedie has a competitive advantage in the marketplace with our all-encompassing approach to the way we're building for the future. This vertically integrated structure allows us to implement the highest construction and design standards in the industry, while our legacy of relationship-building enables us to deliver projects that drive commercial value – relationships and buildings that stand the test of time.
