THE ARTIFACT INN

Recently remodeled and restored, The Artifact Inn offers guests and visitors a reimagined historic stay, with guest amenities of a modern boutique inn.

The newly renovated buildings and grounds feature updated electrical, all-new heating and air, new plumbing, rebuilt stairways and access points, improved insulation and finishes, and modernized kitchens and baths.

For the restaurant, the Inn's guests provide reliable daily revenue for morning coffee, late- night desserts, and room service. Strategic partnership opportunities for direct delivery expand cross-promotional opportunities.

The beautiful courtyard is ideal for al fresco dining and private events. The Inn's prime location near Petco Park, Gaslamp Quarter, and the Convention Center positions the restaurant to capitalize on game-day, trade-show and year-around foot traffic.

The Artifact Inn is an ideal backdrop and setting for innovative, hospitality-oriented restaurant groups to establish a unique offering in downtown San Diego.
