About

Norfolk House is an exciting, brand new home for businesses in the centre of Milton Keynes. With a large reception for taking a quick call, having group chats with your team or even just sitting back with a coffee, Norfolk House makes quite the impression on your guests.

Proud to be forward thinking not only with the latest energy saving tech, we've also embraced the local cycling culture speeding it's way through MK! Milton Keynes is known for it's red ways, and what better way to tour the city and balance your wellbeing at work too.

- From 10 - 30 desks
