OFFERING SUMMARY

Bridgewater Commercial is pleased to present two versatile B-1 zoned multi-tenant adjoining properties located one block south of Park Boulevard in the Pinellas Park Community Redevelopment District (CRD). Both properties feature under-market rents and present a strong value-add opportunity through rental growth, lease stabilization, and potential owner-occupancy. The properties may be purchased separately or together. These functional, affordably priced buildings in a prime Pinellas Park location are ideal for contractors, service businesses, light industrial users, or professional office tenants seeking well-located space with significant upside potential.

The warehouse at 4643 73rd Avenue is priced at \$1,250,000 and consists of 8,750 square feet across two buildings (built 1960 and 1973) on 0.53 acres. The office building at 4669 73rd Avenue is priced at \$600,000 and contains 2,800 square feet on 0.26 acres. Together the offering totals \$1,850,000 on 0.79 acres. Both properties are connected to municipal water and sewer and enjoy easy access from 73rd Avenue and Park Boulevard.

Current Performance and Proforma

For 2026, the warehouse generates \$49,800 in rental income and \$30,485 in Net Operating Income. The office building produces \$31,800 in rental income and \$24,274 in Net Operating Income. Combined Year 1 Net Operating Income totals \$54,759. Under 2027 proforma assumptions, the combined Net Operating Income increases to \$137,659.

Property Descriptions

The 4643 73rd Avenue warehouse complex includes a 3,750 SF building constructed in 1960 and a 5,000 SF building built in 1973. Both buildings offer nine-foot clear ceiling heights. The 1960 building features two loading ramps with new overhead doors and a van-high dock, both updated in 2024, along with 220-volt single-phase power. The 1973 building contains three current units (originally four) with a mix of grade-level overhead doors and 3-phase power available in select units. New TPO roofs were installed in 2017 on the 1973 building and 2018 on the 1960 building. The property currently has three tenants occupying 4,800 SF with the remainder owner-occupied (tenants pay electric). All tenancies are month-to-month. The 4669 73rd Avenue office/flex building was constructed in 1982 and offers 2,800 square feet with twelve parking spaces and four roll-up garage doors on the rear (some of which have been enclosed by tenants). The roof was coated in 2022 with a high-solids silicone coating. HVAC units have been replaced over the past eight years. The building is currently fully leased to three tenants on month-to-month terms, including a long-term occupant in the 1,400 SF combined space since the mid-1990s. The office tenants pay for their own utilities.

Location and Zoning

Located in Pinellas Park one block south of Park Boulevard, the properties are within a five-minute drive to I-275 and US 19. The B-1 zoning is highly flexible and supports multifamily development up to 15 units per net acre (with potential increases to 24 units per acre for mixed-use or affordable housing projects), single family homes, live/work units, light repair, assembly, and small-scale manufacturing (when combined with retail or residential uses), mixed-use residential/office/personal services/retail, auto repair, light machinery sales and service, outdoor sales of boats and RVs, retail sales and repair services, indoor storage facilities, indoor recreation and game establishments, child and adult daycare centers, contractor offices and shops (no outdoor storage), and numerous additional uses.

PINELLAS PARK PERMITTED USES
B-1 Community Redevelopment District (CRD)
(Always check Municode for latest updates)

Multifamily: Allowed up to 15.0 units per net acre. **CRD parcel incentive increase:** City Council may, at its sole discretion, approve up to 24 dwelling units per net acre if it finds the added density supports mixed-use development or affordable housing, subject to the applicable development approval and location criteria.

Single Family Homes

Live/Work Units

Light repair, assembly, and small-scale manufacturing (artisans/crafters) is allowed when combined with retail and/or residential uses, as long as it's not located in the front one-fourth (¼) of the building, it doesn't cause impacts prohibited under Section 18-1524.5(E), and there is **no outdoor storage** allowed for this activity.

Mixed use; residential/office/personal services/retail (Conditional Approval)

Auto Repair (Permitted & Conditional based on intensity)

Light Machinery Sales & Service

Outdoor Sales of Boat/RV's (Conditional Approval)

Retail Sales and Repair Services

Climate Controlled Storage Facility (Conditional Approval)

Indoor Recreation and Game Establishments

Child and Adult Daycare Centers

Contractor Offices & Shops (no outdoor storage)

Numerous additional uses

BROKER BIO'S

SHANE BILLINGS, Broker Associate - Tampa
Specialties: Investment & Land Sales, Industrial & Office Sales & Leasing

Shane earned the title of Bridgewater's Top Producer in both 2021 and 2024. He holds a BS in Environmental Science from Indiana University and brings 31 years of experience in the environmental field - setting him apart from other Brokers. His expertise includes conducting over 1,000 environmental due diligence studies, primarily on commercial and industrial real estate across Florida. Shane offers property owners critical environmental insights, helping them tackle potential "red flags" early to avoid delays in transactions. He explains complex environmental issues in simple, accessible language and serves as a trusted resource for interpreting environmental consultant reports. His career success stems from delivering thorough, responsive service to clients and approaching every property deal as if it were his own investment. Shane has facilitated transactions from Pinellas to Polk Counties and northward to Citrus and Marion Counties. In 2026, Shane celebrates his 10th year in the commercial real estate industry.

Jack Wynne, Broker Associate – St. Petersburg
Specialties: Office, Industrial, Automotive

Jack holds a B.A. in Economics from SUNY Oneonta University in New York. He brings a distinctive skill set to the real estate market, having facilitated transactions totaling over 700,000 square feet in sales and leasing across diverse property types, including office spaces, industrial sites, auto care facilities, warehouses, and land. His outstanding expertise earned him the prestigious Commercial and Investment Real Estate Certification (CIREC) in 2017, an accolade achieved by fewer than 4% of real estate professionals. Prior to relocating to St. Petersburg, Jack co-founded a thriving boutique commercial real estate firm in Manhattan. Now residing in Pinellas Park, he serves clients throughout Pinellas County, Pasco County, Hillsborough County, and the surrounding regions.
