SEE SAW

SEESAW is delighted to bring to the market a unique blend of 4 – 20 people private offices.

Originally a textile warehouse, the building has been transformed into an exciting 21st-century workspace. Retaining all the glorious original features, enhancing it with the latest technology and combining the two seamlessly for an innovative, atmospheric workspace.

There is a strong creative community within the building's existing tenants and members. With powerhouse creatives like Trunk BBI, Brandon, Dinosaur and Mfuse who also call 86 Princess Street their home.
