## Description

As part of a comprehensive refurbishment and extension of the property in 2017, David Morley Architects came up with the idea of cladding the building in a living wall; the first living wall to an entire primary elevation in a Conservation Area in London. The property still creates a striking impression, and also benefits from a BREEAM - Excellent rating and EPC - B grading.

The building offers fully fitted, plug and play offices available for immediate occupation on two levels:

### 5th (top) floor:

Currently configured in open plan, with a private office/meeting room, fitted kitchenette, and a good sized private roof terrace; options to fit out the accommodation so as to provide fully furnished, Cat B space have been prepared - concept visuals are included on the property Microsite...

Rental: £59.50 psf; fully managed solution available from £11,300 pcm inclusive.

### 4th floor:

Arranged as two open plan areas, each with 8 desks, three meeting rooms, private office, kitchenette, terrace area and private wc & shower facilities...

Rental: £57.50 psf; fully managed solution available from £18,900 pcm inclusive.

### 2nd floor:

Arranged as an open plan area with 12 desks, a large (14 person) meeting room, two further offices/meeting rooms, galley kitchen and a private terrace area...

Rental: £55 psf; fully managed solution available from £19,400 pcm inclusive.

### Cat A 1st floor:

Arranged in open plan, with fitted kitchenette and a large private rear terrace area; the space has a contemporary feel with designer spot lighting, acoustic ceiling baffles, underfloor trunking and timber flooring throughout...

Rental: £52.50 psf; fully managed solution available from £30,000 pcm inclusive.
