Main Sanctuary Building

From marble floors to religious icons, there is much to admire in this 33,000 sf building. Originally built in 1970, to echo the classic cathedral aesthetic, this building blends the old with the new as it was fully renovated in 2017.

Designed to seat 1,600 individuals, this space is ideal for large congregations. The passageways are also arranged to facilitate overflow seating if needed. This building also offers 10 versatile spaces including administrative offices, boardrooms, a sound booth area, and a library. This space is fully air conditioned and is equipped with updated electrical and security systems.

There are multiple entrances to this building, with the primary entrance located at the front of the cathedral, facing the intersection of Airline Dr. and W Gulf Bank Rd. Upon entering, visitors are greeted by a ceiling that echoes the classic artwork of the Renaissance era. A double stairway ascends to an upper level, which provides additional seating above the main sanctuary area. The ceiling height extends to 30 ft. offering a grandiose feel.
