I have added running the White Rock Marathon to my Bio. For 2 years, I would run 3-6 miles 4 to 5 days a week, adding longer runs (11-21 miles) months before the marathon. This required running in the heat, rain, and cold, which required commitment and perseverance. Running the 26.2 miles was challenging, hitting the "wall" at 23 miles, but sprinting to the finish line. With that same commitment and perseverance, I serve my clients.
