An exceptional and irreplaceable medical/commercial asset in one of Northern Virginia's most affluent neighborhoods. Presented for the first time ever to the market, this landmark mid-century modern property represents a rare and coveted opportunity to acquire an architecturally significant asset in the heart of the exclusive Belle Haven community of Alexandria, Virginia.

Designed by the celebrated firm Vosbeck & Vosbeck Architects and constructed in 1967, this award-winning single-story building has been meticulously maintained and stands as a distinguished example of mid-century modern design. The property comprises two parcels (1213 Belle Haven Road & 6305 Eleventh Street) totaling 19,465 SF of land with 3,647 SF of building area, offering an exceptional canvas for a discerning owner-user or investor. Belle Haven represents one of the most underserved medical and commercial submarkets in the region. With virtually zero inventory of comparable medical or commercial properties, the incoming owner will enjoy an unmatched first-mover advantage in a high-barrier-to-entry market.
