Patient Demand Fore-

The Outpatient Market Scenario Planner (MSP), as developed by the Advisory Board, provides current and projected patient utilization estimates for specific specialties in key markets across the US. The MSP tool supports planners, providers and hospital executives to make intelligent business development and strategic decisions to locate or expand programs in targeted markets. The below data is representative of the Pasadena zip codes within a three mile radius of Cotton Medical Center – which include For more information the Advisory Board, please visit www.advisory.com.
