All Industrial Parks Are Not Created Equal

Located in the heart of the Miami Airport/Doral Central Business District, Kurv Doral is the newest and most sought-after industrial development in South Florida. Kurv Doral offers a combination of physical and locational amenities that deliver operational advantages unmatched by other industrial projects in the market.

Size Matters: At 2.6M SF, BPD offers longterm growth and future expansion capabilities.

Location: Doral is the most prestigious industrial submarket in Florida, offering status, access to ancillary businesses and area amenities.

Trailer Drops: A cost saving asset important to most warehouse occupiers. All but one of our buildings provide them as designed.

Convenience: Offers room for your business to grow over time, signalized intersections and planned food and retail on site.

Access: Multiple highway access to Florida's Turnpike, the MIA Cargo Viaduct, and SR's 826 and 836. Minutes to MIA, Port Miami, and Miami's CBD.

Efficiency: 36' clear ceiling heights provide a plus 30% reduction in SF for racked buildings, compared to 24' clear.

Compare: Compare Kurv Doral to the competition, and add quality construction, professional property management and a long-term hold strategy.
