01 EXECUTIVE SUMMARY

103 N Garfield Ave offers a rare opportunity to acquire a fully occupied medical and professional office building located in one of the most dynamic and high-demand corridors in the San Gabriel Valley. Situated in the heart of Alhambra's Central Business District, the ±11,224 square foot property benefits from exceptional visibility, strong traffic counts, and immediate proximity to a thriving retail and dining environment.

The surrounding area is widely recognized as one of the premier dining destinations in the region, featuring a dense concentration of highly rated, top-performing restaurants that consistently draw heavy foot traffic. Combined with its location directly across from a prominent movie theater and along a major commuter corridor, the property benefits from continuous daytime and evening activity, supporting long-term tenant demand.

The asset is currently 100% occupied, providing stable in-place income, while offering substantial upside through the repositioning of below-market rents. Several tenants are operating under leases with rental rates significantly below current market levels, creating a clear path to increasing revenue as leases roll. Additionally, the modified gross lease structure provides the opportunity to improve expense recoveries over time, further enhancing net operating income.

With an in-place NOI of approximately $180K and a projected NOI exceeding $275K, the property presents a compelling value-add investment with meaningful income growth potential. This offering is ideally suited for investors seeking a well-located asset with strong fundamentals, reliable cash flow, and significant upside in one of the most active commercial submarkets in the San Gabriel Valley.
