FORTY SIX

46 Clarendon Road is currently undergoing a transformational refurbishment, that reflects the modern-day business needs of staff well-being, convenience & quality.

The new design features, by Minifie Architects, enhance the building not just visually but also physically, both internally and externally.

The reception has been extended and offers informal break out space with a business lounge feel incorporating coffee point as well as an array of contemporary lounge furniture to create a unique and impactful experience when arriving at the building.

The exterior has a new 'podium' installed at the front of the building with a green roof featured on the ground floor extension that improves local air quality and along with the new glazed atrium creates a seamless vista for the first and second floor offices.

In addition, there is a communal outdoor courtyard, our 'Secret Garden', for occupants to enjoy whether for informal meetings with colleagues or just to take some time out.
