SUMMARY

Prime ±1-acre infill opportunity located in the heart of Mount Pleasant. This rectangular parcel offers a rare chance to develop within one of the Charleston region's most supply-constrained and high-demand submarkets. The property is accessed via an existing easement, including a 10-foot shared road connection from Chuck Dawley Boulevard, providing both functionality and a degree of privacy. The R-4 (Single-Family Residential) zoning district in Charleston County is intended to implement the County's low-density residential policies and primarily accommodates single-family detached dwellings and similar residential uses. Development within this district is designed to reflect suburban residential character, with permitted uses and standards governed by the County's Zoning and Land Development Regulations.
