More than just a great coworking space.

What is coworking?

Shared desks and workspaces where people from different businesses work alongside one another. A space to meet people and grow business communities.

Across the UK, our growing network of coworking spaces provide the space and support for you and your team to achieve great things.

Meetings rooms

In addition to coworking and office space, we have meeting rooms and event spaces available by the hour – the space to get your team together or meet clients.

Networking and events

Join our in-person events and online members platform to connect with others.

Business support

Access to workshops, events, surgeries and resources to help you grow.

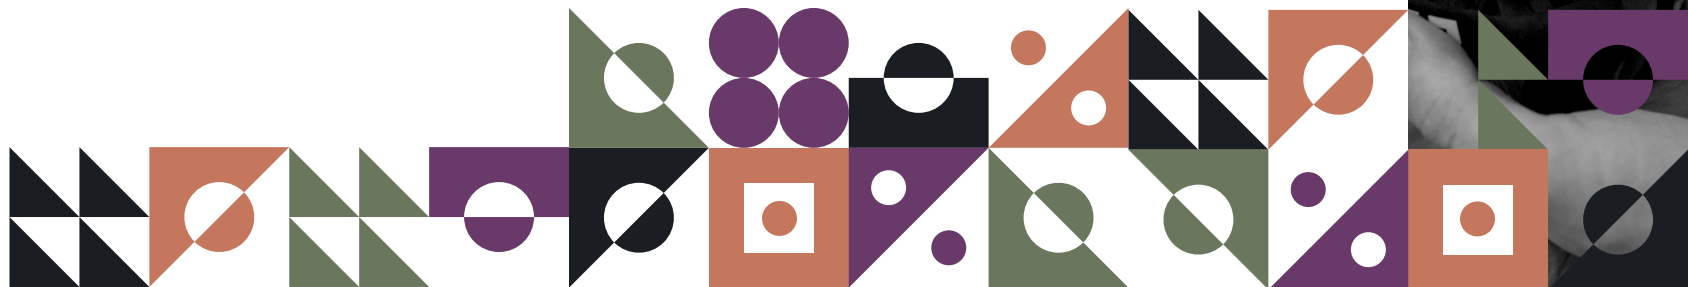

Admin support

Access a range of additional administration support, including call answering and bookkeeping.

Everything you need to be productive:

- Productive workspace
- Flexible memberships
- Free parking
- Electric car charging¹
- Superfast wifi
- Meeting rooms
- Printing
- Access to a kitchen
- Coffee shop
- Event space
- Networking events
- Business address
- Business support
- Coworking space

- Dog friendly facilities

¹ Electric car charging billable service, available subject to availability.

Flexible membership options designed to suit everyone.

Our memberships are designed to be flexible, from day passes to rolling monthly memberships that can scale up or down as your business changes and your team grows.

Those switching to a flexible working model

Our spaces support those who have or are looking to embrace hybrid working.

An alternative to a traditional office

Simplicity and added flexibility with all the office essentials and utility bills included.

Get together with your team or clients

Access to break out spaces and discounts on meeting rooms. Add extra passes and memberships as you need them.

Escape working from home

Break up the week and work alongside others in a productive, professional environment.

But first, coffee...
