WITH YOU HOWEVER YOU WORK

Shoreditch Exchange is part of the Onder family. A growing network of creative workspaces across London. From Laundry Studios in London Fields to Channel in King's Cross and Nook Campus in Old Street, each space is unique, but they all share the same mission: to make work Onderful.

At Onder, we believe workspaces should work for you. That means beautifully designed environments, flexible memberships, and communities that feel welcoming and genuinely supportive. Whether you're scaling a business, flying solo, or somewhere in between, our spaces give you the freedom to grow, create, and connect.

With more locations on the way, we're building a London-wide network where work, creativity, and community come together.
