DESCRIPTION

49 – 53 Standard Road is a modern high bay warehouse, situated on a fully self-contained site.

The unit is of steel portal frame construction with part brick and part profiled steel cladding elevations, constructed in 2010. The unit benefits from two ground level loading doors and a fully secured yard.

The office accommodation is situated over first and second floor with additional mezzanine accommodation that can be utilised as office or storage space.

SITUATION

Park Royal boasts a well-developed and integral transport infrastructure that plays a pivotal role in its economic significance and connectivity. Situated within the London Borough of Brent and Ealing, Park Royal is one of the largest industrial markets in Europe, making its transport links crucial for facilitating the movement of goods and people.

The area benefits from excellent road connectivity, with the A40 Western Avenue running through its heart. This major arterial road connects Park Royal to central London in the east and the M40 motorway in the west, providing easy access to major hubs and markets. Additionally, the nearby North Circular Road (A406) and M1 motorway offer alternative routes for commuters and freight distribution.

Park Royal also boasts a well-connected public transportation network. The Park Royal underground station, served by the Piccadilly line, provides convenient access to Central London and other key areas. Various bus routes further enhance local connectivity, facilitating intra-estate movement and linking to nearby residential areas.
