PRIVACY CONSIDERATION

A quiet, comfortable personal space for calls, meetings and heads down focus designed to add privacy without sacrificing comfort.

SOUND INSULATED

Premium acoustic panels maximize sound absorption and acoustic performance.

LED LIT

Motion activated LED lights help to conserve energy and create a well-lit environment for video conferencing and focused work.

VENTILATED

Four fans work together to refresh the air in the booth once per minute, providing significantly better ventilation than other privacy booths.

SUSTAINABLE

Sustainably designed with eco-friendly wood and acoustic panels plus an occupancy sensor to conserve energy.

In-Suite Rental – \$550+ per month

* min rental 12 months

** additional charges apply for delivery + installation

POWER + CONNECTIVITY

USB A+C ports, outlets and an ethernet port ensure you can connect all your devices at one time.

HEIGHT ADJUSTABLE DESK

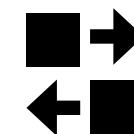

The desk can be set at three different heights, making it easy to work from a chair, a stool, or while standing.

* AV KIT

custom feature

Seamlessly integrate a monitor or CPU into your booth for video conferencing.

* CASTERS

custom feature

Lockable casters provide an easy way to move booths around your office or facility, maximizing flexibility as your privacy needs evolve.

2024

PANTONE

Peach Fuzz
13-1023

Pantone's choice of "Peach Fuzz" for the Color of the Year 2024 not only reflects a trend in fashion and pop culture but also has significant implications in the world of design.

This soft, warm hue brings a calming and nurturing atmosphere to living and working spaces.

It's ideal for creating a serene and inviting ambiance in spaces where comfort is paramount.
