INDUSTRIAL PROPERTY FOR SALE / FOR LEASE

Jacksonville, FL

Jacksonville is a premier Southeast market for office and medical investment, supported by sustained population growth, a diversified employment base, and a rapidly expanding healthcare sector. As Florida's largest city by land area, Jacksonville offers the scale, accessibility, and infrastructure necessary for long-term institutional and physician-driven demand.

The city has emerged as a regional healthcare hub, anchored by major hospital systems, specialty practices, and outpatient providers drawn by strong demographics, favorable operating costs, and a growing retiree and working-age population. Medical office demand continues to be fueled by population in-migration, expanded healthcare services, and the ongoing shift toward outpatient and ambulatory care.

Jacksonville's office market benefits from a deep professional workforce across healthcare, finance, logistics, and insurance, combined with a business-friendly tax environment and comparatively affordable occupancy costs. Strategic connectivity via I-95, I-10, and a robust port system enhances regional accessibility for employers, patients, and professional services firms.

These fundamentals position Jacksonville as a resilient, long-term market for both traditional office users and medical office investors seeking stable tenancy and durable demand drivers.
