**FOR LEASE**  
**312 & 314 Second Street**  
**Williamsburg, Virginia**

- Location:** 312 & 314 Second Street Williamsburg, Virginia 23188 - within city limits.
- Description:** This offering consists of two excellently cared for single story buildings. 312 Second Street is 4,412 square feet and 314 Second Street is 3,024 square feet. These buildings can be leased individually or collectively to accommodate approximately 7,436 square feet in a campus retail setting. The buildings offer an open layout that lends itself to a multitude of retail/office uses! Surrounding the property is a wide array of businesses including Virginia Beer Company, Parkway Print Shop, Cochon on 2<sup>nd</sup> Restaurant, South of the Border Mexican Restaurant, Second Street Restaurant, Auto Haus - European Cars, Loyalty Chevrolet, and many more! This area of Williamsburg is experiencing a surge in new energy with the creation of the Edge District. Conveniently located near Colonial Williamsburg, I-64 access, Busch Gardens, Water County, and the College of William and Mary. Additionally, the property has excellent road frontage and an oversized lighted pole sign, as well as building signage on both buildings, which really propels the building's curb appeal!
- Lease:** \$18.00 per square foot - NNN (**Available November 1, 2026**)

No. 22-09, 12-8-22)

**Sec. 21-325. Lot area/density.**

The lot area and density requirements in the corridor business district B-2 are as follows:

- (1) *Dwelling units:* There shall be a maximum density of 14 dwelling units per net acre. Net acreage shall be calculated based on existing land conditions, as specified in the following chart:

Physical Land Unit	Percent Credited Toward Net Acreage
Slopes less than 10%	100%
Slopes from 10% but less than 20%	70%
Slopes from 20% but less than 30%	50%
Slopes 30% or more	10%
100-year floodplains	0%
Wetlands	0%
Existing water features (bodies of water, drainage channels, streams, etc.)	0%
Above ground high voltage electric transmission line easements (69 kv or greater)	0%

- (2) *Other uses:* For all other uses, there shall be no minimum lot area required.

(Ord. No. 862, 10-10-91; Ord. No. 07-02, 1-11-07)

**Sec. 21-326. Lot width.**

The minimum lot width at the building line in the corridor business district B-2 shall be 50 feet, and the lot width shall not be less than 25 feet at the street line.

(Ord. No. 862, 10-10-91; Ord. No. 07-02, 1-11-07)

---

## Sec. 21-327. Yards.

The yard requirements in the corridor business district B-2 are as follows:

- (1) *Front.* There shall be a front yard of not less than 35 feet, except that for lots fronting on Richmond Road between New Hope/Bypass Road and Ironbound Road, Parkway Drive, Penniman Road and Second Street, there shall be a front yard of not less than 15 feet; and except that for lots fronting on Second Street between Page Street and Parkway Drive there shall be a front yard of not less than five feet.
  - a. Where 40 percent or more of the frontage on one side of the street within the same block is improved with buildings, no building on that side of the street within the same block shall be required to have a front yard greater than the average front yard of the existing buildings. However, when there are buildings on the adjacent lots on both sides, the front yard shall not be required to be greater than the average of the front yards of the buildings on the adjacent lots. The side line of a building on a corner lot shall not be a factor in these calculations.
  - b. When a lot has a double frontage, front yards shall be provided on both streets, subject to such reductions as may be allowed under subsection 21-327(1)a.
  - c. Gasoline pump islands, pump island canopies and outdoor dining areas shall be required to have a front yard of not less than 15 feet.
  - d. No accessory building shall be located in a front yard.
- (2) *Side.*
  - a. There shall be side yards of not less than ten feet.
  - b. Corner lots: On a corner lot, the owner shall choose which yard is the front yard unless the front yard is designated on the recorded subdivision plat. The rear yard shall be opposite the chosen front yard. The other yard abutting the street shall be a side yard and shall not be less than 17½ feet for both main and accessory buildings (not less than 15 feet for both main and accessory buildings adjacent to Parkway Drive, Penniman Road and Second Street), unless a greater side yard is designated on a recorded subdivision plat. Gasoline pump islands, pump island canopies and outdoor dining areas shall be required to have a side yard of not less than 15 feet.
  - c. Side yards for accessory buildings, except for those on corner lots, shall not be less than three feet.
  - d. Transitional screening shall be required when a lot is adjacent to a residential zoning district, in accordance with section 21-327(4).
- (3) *Rear.*
  - a. *Multifamily dwellings:* For buildings containing multifamily dwellings, there shall be a rear yard of not less than 25 feet.
  - b. *Other uses:* There shall be a rear yard of not less than 15 feet.
  - c. Rear yards for accessory buildings shall not be less than five feet.
  - d. Transitional screening shall be required when a lot is adjacent to a residential zoning district, in accordance with section 21-327(4).
- (4) *Transitional screening.*

- 
- a. A landscaped open space area for transitional screening at least 35 feet in width shall be provided along side and rear property lines when adjacent to a lot in a residential zoning district or to the Colonial Parkway, except that:
    1. A landscaped open space area for transitional screening at least ten feet in width shall be provided along side and rear property lines when adjacent to a lot in a residential zoning district for lots fronting on Second Street between Page Street and Parkway Drive. The transitional screening open space shall include the required side and rear yards. In conjunction with site plan review, planning commission may require a screening fence or wall in conjunction with or in lieu of the required landscaping.
    2. No transitional screening open space shall be required when multifamily dwellings adjoin multifamily zoning districts.
  - b. Landscaping of transitional screening open space areas shall be in accordance with landscaping standards contained in section 21-784(e).
  - c. Transitional screening open space shall not contain accessory buildings or be used for storage purposes. No more than 25 percent of a transitional screening open space area shall be used for stormwater management facilities.
  - d. Transitional screening open space shall be in addition to the required side and rear yards, unless otherwise specified.
  - e. The planning commission may reduce the required width of transitional open space. A reduction shall not be approved unless it is found that:
    1. The provision of the required transitional screening open space would unreasonably restrict the use of the property due to exceptional narrowness, shallowness, size or shape of the lot, or by reason of exceptional topographic conditions or other extraordinary situation or condition of the property; and
    2. Additional landscaping and/or screening is proposed that will provide screening equivalent to that required by this section.

### **Sec. 21-328. Height.**

The height requirements in the corridor business district B-2 are as follows:

- (1) Buildings may be erected up to 45 feet from grade except that:
  - a. Stair towers, equipment penthouses, mechanical equipment and screening walls are exempt from the height limitations, provided that they shall not cover more than 30 percent of the total roof area and shall not exceed the building height by more than ten feet. Equipment penthouses, mechanical equipment and screening walls shall be set back from the front wall of the building one foot for each foot of height above the roof level.
  - b. Parapet walls shall not exceed the building height by more than four feet.
  - c. Cupolas, spires and steeples may be erected to a height of 90 feet above grade, and may extend higher if a special exception is approved by the board of zoning appeals in accordance with section 21-97(f). The board shall not approve the special exception unless it finds that the cupola, spire or steeple is in proper proportion to the building.

**Sec. 21-329. Landscaped open space and recreation area B-2.**

- (a) At least 20 percent of the gross lot area of a lot in the corridor business district B-2 shall be landscaped open space. Transitional screening buffer areas as specified by section 21-327(4), and Resource Protection Area (RPA) buffer areas as specified by section 21-821(d), shall be deducted from the gross lot area when calculating the percentage of landscaped open space.
- (b) The recreation area requirements in the corridor business district B-2 are as follows:
  - (1) *Multifamily dwellings:*
    - a. A minimum of 200 square feet of recreation area shall be provided for each dwelling unit in a multifamily development of more than 25 dwelling units. Such areas shall be improved to provide active recreational opportunities for the residents of the development. Any playground equipment and other improvements specified on the approved site plan shall be installed prior to the issuance of certificates of occupancy, and shall be maintained in accordance with the approved site plan.
    - b. If the proposed project is designed and approved for development in two or more phases, the playground equipment and other improvements may be installed in phases, provided that such phasing plans are approved with the approval of the site plan. In the cases of phased development, the playground equipment and other improvements for each phase shall be installed prior to the issuance of certificates of occupancy for the units in each phase.
    - c. The planning commission may allow the developer to delay the installation of the playground equipment and other improvements until the development is completed, provided that an irrevocable bond or other surety acceptable to the city attorney, assuring full, timely and satisfactory completion, is posted prior to the issuance of any certificates of occupancy, and provided that the amount of the bond or surety is of an amount equal to the estimated costs of purchasing, constructing and/or installing the playground equipment and other improvements in accordance with the approved site plan. The playground equipment and other improvements shall be installed and/or constructed within 60 days following the issuance of the final certificate of occupancy for the development, unless modified plans for the playground equipment and other improvements are approved by the planning commission in accordance with subsection d. below during the 60-day period, in which case the installation shall be completed within 60 days from the date of the planning commission approval.
    - d. The developer may modify the playground equipment and other improvements approved in the final site plan if such modification is approved by the planning commission, provided that the modified playground equipment and other improvements provide active recreational opportunities for the residents of the development.
    - e. Recreation areas need not be concentrated in one central location but may be interspersed throughout the development, provided that the areas are to be reasonably accessible by pedestrians residing in all units. The minimum width for a recreation area shall be 25 feet. Recreation areas may be counted as a portion of the required landscaped open space. Recreation areas may be dedicated to the city (subject to acceptance by the city).
  - (2) *Other uses:* No recreation area required.

(Ord. No. 862, 10-10-91; Ord. No. 3-96, 3-14-96; Ord. No. 35-98, 11-12-98; Ord. No. 07-02, 1-11-07; Ord. No. 08-06, 3-13-08)

**Sec. 21-330. Regulations for townhouses.**

The regulations for townhouses in the corridor business district B-2 are as follows:

(1) *Density.*

- a. The density of a townhouse development shall not exceed 14 townhouses per net acre. Net acreage shall be calculated based on existing land conditions, as specified in the following chart:

Physical Land Unit	Percent Credited Toward Net Acreage
Slopes less than 10%	100%
Slopes from 10% but less than 20%	70%
Slopes from 20% but less than 30%	50%
Slopes 30% or more	10%
100-year floodplains	0%
Wetlands	0%
Existing water features (bodies of water, drainage channels, streams, etc.)	0%
Above ground high voltage electric transmission line easements (69 kv or greater)	0%

- b. There shall be no minimum lot area required for an individual townhouse lot.

(2) *Lot width.* The minimum lot width for each townhouse shall be 20 feet.

(3) *Yard regulations.*

- a. *Front.* No front yard shall be required for an individual townhouse lot. However, all buildings in the townhouse development shall be located at least 35 feet from any street or highway right-of-way, except that for lots fronting on Parkway Drive, Penniman Road and Second Street, all buildings in the townhouse development shall be located at least 15 feet from any street or highway right-of-way.
- b. *Side.* Each townhouse located at the end of a group of townhouses shall have a side yard of at least seven and one-half feet. However, no side yard shall be required when the lot is adjacent to common open space or recreation areas, provided that easements or covenants establish the rights of the townhouse owner to gain access to the structure for purposes of performing essential maintenance and service.
- c. *Rear.* Each townhouse shall have a rear yard of not less than 15 feet.
- d. *Transitional screening.*
  - 1. A landscaped open space area for transitional screening at least 35 feet in width shall be provided along side and rear property lines when adjacent to a lot in a residential zoning district or to the Colonial Parkway, except that:
    - i. A landscaped open space area for transitional screening at least ten feet in width shall be provided along side and rear property lines when adjacent to a lot in a residential zoning district for lots fronting on Second Street between Page Street and Parkway Drive. The transitional screening open space shall include the required side and rear yards. In conjunction with site plan review,

---

planning commission may require a screening fence or wall in conjunction with or in lieu of the required landscaping.

- ii. No transitional screening open space shall be required when townhouses adjoin a multifamily zoning district.
2. Landscaping of transitional screening open space areas shall be in accordance with landscaping standards contained in section 21-784(e).
3. Transitional screening open space shall not be used for storage purposes. No more than 25 percent of a transitional screening open space shall be used for stormwater management facilities.
4. Transitional screening open space shall be in addition to the required side and rear yards, unless otherwise specified.
5. The planning commission may, reduce the required width of transitional open space. A reduction shall not be approved unless it is found that:
  - i. The provision of the required transitional screening open space would unreasonably restrict the use of the property due to exceptional narrowness, shallowness, size or shape of the lot, or by reason of exceptional topographic conditions or other extraordinary situation or condition of the property; and
  - ii. Additional landscaping and/or screening is proposed that will provide screening equivalent to that required by this section.
- e. *Greenbelts.* Along streets designated by the comprehensive plan as greenbelts, a greenbelt of at least 50 feet shall be provided along the street line; except that at least 75 feet shall be required along Route 199. Excluded from this requirement shall be public streets and entrances located in the greenbelt areas that are approved during review of a minor site plan, site plan or subdivision. When the greenbelt is an existing wooded area, it shall be left in an undisturbed natural state, unless modifications are approved or required during review of a minor site plan, site plan or subdivision. Any modifications to an existing wooded greenbelt shall be for the purpose of maintaining its visual character as viewed from the adjacent public street. When a wooded greenbelt is part of a residential development, it may be required during review of a minor site plan, site plan or subdivision to be supplemented with evergreen trees and shrubs in order to provide an effective year-round visual screen between the proposed residential development and the street. When a greenbelt is in a non-wooded area, it shall be improved as an extensively landscaped open space between the street and the developed portion of the property. For a non-wooded greenbelt, at least one tree for each ten feet of frontage shall be planted or maintained, and the primary landscaping material shall be deciduous shade trees, supplemented by evergreen trees, shrubs and other planting material. All landscape materials shall conform to the minimum size and height standards of section 21-784(c)(5). When a non-wooded greenbelt area borders a residential development, it may be required during review of a minor site plan, site plan or subdivision that the primary landscaping material used shall be evergreen trees and shrubs in order to provide an effective year-round visual screen between the proposed residential development and the street. The landscape plans for the greenbelt area shall be prepared and certified by a certified landscape architect licensed to practice in the State of Virginia. The landscape plans shall be subject to approval by planning commission in the case of a minor site plan, site plan or subdivision of less than 25 lots; and by city council, on recommendation of the planning commission, in the case of a subdivision of 25 or more lots. Trees planted in a greenbelt shall be consistent with the standards contained in section 21-614(g), Tree Planting, Replacement and Pruning Standards.

- 
- (4) *Street frontage.* Each townhouse shall front on a dedicated public street or shall have access to a 22-foot minimum pavement width private street. If access is to be provided by means of a private street, the private street shall be constructed in accordance with section 21-783(4).
  - (5) *Sidewalks.* Sidewalks of at least five feet in width, constructed of concrete, brick or other material of reasonable durability and approved by the planning commission, shall be constructed to provide a pedestrian circulation system for the townhouse project. Wherever reasonably possible, a four-foot grass strip shall be provided between the sidewalk and the curb or edge of pavement. These sidewalks shall be connected to the sidewalks along the public streets contiguous to the project. If no sidewalks exist along the contiguous public streets, the developer shall build the on-site sidewalks in a manner that will allow future connection to the city sidewalk system.
  - (6) *Accessory buildings.* No accessory buildings shall be permitted, except for detached garages.
  - (7) *Recreation areas.*
    - a. A minimum of 200 square feet of active or passive recreation area shall be provided for each dwelling unit in a townhouse development having 25 or more dwelling units. Any playground equipment or other improvements specified on the approved site plan shall be installed prior to the issuance of certificates of occupancy, and shall be maintained in accordance with the approved site plan.
    - b. If the proposed townhouse development is designed and approved for development in two or more phases, the playground equipment or other improvements may be installed in phases, provided that such phasing plans are approved with the approval of the site plan. In the cases of phased development, the playground equipment and other improvements for each phase shall be installed prior to the issuance of certificates of occupancy for the units in each phase.
    - c. The planning commission may allow the developer to delay the installation of the playground equipment or other improvements until the townhouse development is completed, provided that an irrevocable bond or other surety acceptable to the city attorney, assuring full, timely and satisfactory completion, is posted prior to the issuance of any certificates of occupancy, and provided that the amount the bond or surety is of an amount equal to the estimated costs of purchasing, constructing and/or installing the playground equipment or other improvements in accordance with the approved site plan. The playground equipment or other improvements shall be installed and/or constructed within 60 days following the issuance of the final certificate of occupancy for the townhouse development, unless modified plans for the playground equipment or other improvements are approved by the planning commission in accordance with subsection d. below during the 60-day period, in which case the installation shall be completed within 60 days from the date of the planning commission approval.
    - d. The developer may modify the playground equipment or other improvements approved in the final site plan if such modification is approved by the planning commission, provided that the modified playground equipment and other improvements provide active recreational opportunities for the residents of the townhouse development.
    - e. Recreation areas need not be concentrated in one central location but may be interspersed throughout the townhouse development, provided that the areas are to be reasonably accessible by pedestrians residing in all units. The minimum width for a recreation area shall be 25 feet. Recreation areas may be counted as a portion of the required landscaped open space. Recreation areas may be dedicated to the city (subject to acceptance by the city).
  - (9) *Management of common open space, recreation areas and private streets.*

- 
- a. All common open space, recreation areas and private streets shall be preserved for their intended purpose as expressed in the final site plan approved by the planning commission and filed with the planning department.
  - b. When common open space, recreation areas and private streets are to be administered by a nonprofit organization the organization shall conform to the following requirements:
    - 1. The developer must establish the organization prior to the recordation of the subdivision plat for the townhouse development.
    - 2. Membership in the organization shall be mandatory for all residential property owners, present or future, within the townhouse development.
    - 3. The organization shall own all common open space, recreation and cultural facilities and/or private streets; and shall provide for the maintenance, administration and operation of said land and improvements and any other common land within the townhouse development.
  - c. Recreation areas may be dedicated to the city (subject to acceptance by the city).

## AGENCY DISCLOSURE

In a real estate transaction, when the Agent represents the: Seller/Landlord:

then an Agent under a listing agreement with a seller acts as the agent for the seller. The listing company and all of its broker/agents, and the selling company and all of its agents as subagents of the seller, would owe their fiduciary duties to the seller. The broker and broker's agents may still provide buyer/tenants, as customers, with information about properties and available financing, may show them properties, and may assist them in preparing an offer to purchase, option or lease a particular property.

Buyer/Tenant:

then an Agent under a contract with a buyer acts as the agent for that buyer only, as a "Buyer/Broker/Agent," and the Agent is not the seller's agent, even if the Purchase Contract provides that the Seller or the Listing Broker will pay the Agent for the services rendered to the buyer/tenant. An Agent acting as the buyer's/tenant's agent must disclaim sub agency if offered and must disclose the Buyer/Tenant Broker/Agent relationship when dealing with the seller's/landlord's Agent or the Seller/Landlord. The Buyer/Tenant Broker/Agent owes its fiduciary duties to the buyer/tenant.

Buyer and Seller (Acting as a Dual Agent):

then an Agent, either acting directly or through one or more of the brokerage firm's other Agents, may be the Agent of both the buyer and the seller, but only if the scope of the agency is limited by a written agreement and only with the express knowledge and written consent of both the buyer and the seller. An Agent representing both the buyer and the seller must disclose all information regarding the agency relationship, including the limitation on the Agent's ability to represent either party fully and exclusively. The Agent must not disclose to either party, without the prior consent of the party adversely affected by the disclosure, any information obtained within the confidentiality and trust of the fiduciary relationship. As an example, the Agent must not tell the buyer that the seller will accept a price lower than the listing price, nor tell the seller that the buyer will pay a price offered, without the prior consent of the party adversely affected by the disclosure.
