PROPERTY OVERVIEW

YEAR BUILT	2008 (tower and garage)
STORIES	Eight levels above ground
BOMA RSF	195,260 SF
TYPICAL FLOOR PLATE	1st Floor: 16,229 SF 2nd-8th Floors: Approximately 24,154 SF
STRUCTURE	Post tensioned cast in place. Loading capacity: 100 PSF (80 PSF dead load, plus 20 PSF partition load).
COLUMN SPACING	20' x 45' structural bay
CEILING HEIGHT	Slab-to-slab heights are 12.7' feet in the office building and 10.0' to 10.5' feet in the parking structure. All base building systems are installed to allow for installation of a 9' finished ceiling height with clearance for ductwork and approved recessed lighting fixtures in all tenant spaces.
ELEVATORS	Four Otis traction high speed passengers of which one is a freight/passenger, each 4,000 pound capacity, in a central bank serve all levels. Garage has one hydro elevator serving all three levels.
LOADING DOCK	Single bay loading dock with two truck height dock floor.
HVAC	Each floor has one McQuay 80 SCU serving all VAV zones. The building has a 872 ton BAC induced draft cooling tower on the roof and condenser water risers serve each floor.
ENERGY MANAGEMENT SYSTEM (EMS)	Siemens Insight Energy Management System with access for programming and alarm notification.
EMERGENCY POWER	One Generac 350 KW diesel generator that provides emergency power to permit the operation of at least one elevator and emergency lighting and Life Safety Systems in the event of complete power failure to the building.
ELECTRICAL SERVICE	Typical floor electrical closets provide 480/277 panel boards supplying 2 watts per square foot for lighting; 208/120 panel boards supplying 5 watts per square foot below the finished ceiling on each floor with K-4 rated transformers for computer and receptacle loads.
SECURITY	Datawatch Security System with 24 Hour Access Card. Internal camera system monitoring main lobby and building entrance points.
PARKING	There is a three-level 144,558 GSF structure providing parking for 403 vehicles, and surface spaces for an additional 162 vehicles, for a total of 565 spaces (3.0 per 1,000 RSF)
