INVESTMENT HIGHLIGHTS

Absolute NNN Lease Structure (Zero Landlord Responsibilities):

The Portfolio benefits from true absolute net leases, with tenants responsible for all expenses including taxes, insurance, maintenance, roof, and structure—resulting in a passive, management-free investment.

Strong Tenant Operators with Credit Enhancement:

Leased to experienced Kiddie Academy franchisees, including full-term personal guarantees, strengthening income security and reducing credit risk.

Recession-Resistant, Needs-Based Asset Class:

Childcare is a non-discretionary service driven by working families, making it historically more resilient during economic downturns compared to traditional retail sectors.

Portfolio Scale with Geographic Diversification in High-Growth Markets:

The two-property portfolio provides immediate scale and diversification across Orlando and Clermont, both benefiting from strong population growth, favorable demographics, and sustained demand for early education services.
