LITTLE GREEN
RICHMOND-UPON-THAMES

A MCKAY BUILDING

Set in one of London's most unique and desirable locations, the newly renovated Evergreen Studios offers light and airy Grade A offices in the heart of Richmond and only two minutes' walk from the station. With four floors of available space totalling 13,778 sq ft, the offices offer enviable views.

A breath of fresh air

Richmond boasts 5,000 acres of open space and 20 miles of riverside giving the local residential and business community unrivalled access to outdoor activities and a sense of wellbeing.

Next door to Evergreen Studios is Richmond Green, one of the most beautiful urban greens in the UK. The river is a few minutes' walk away with the Thames path stretching all the way from Central London to Kingston and beyond; perfect for those who like to cycle or walk to work. Up the hill lies Richmond Park. Kew Gardens and Old Deer Park are easily accessible too.

There's more to discover

Working in Richmond allows access to a great variety of shops, restaurants, pubs and bars ranging from well-known names to independent and inspiring brands. Either on the main street, overlooking the river or tucked down cobbled passages; there's plenty to discover.

For those in search of independent retailers, walk through the town centre and wander up Hill Rise to discover lifestyle brands such as Feather & Stitch, Anna Boutique, Bridge & Hill Livingstore, The Teddington Cheese Shop, Curated Man and Green Village.

OWNER AND MANAGER

McKay Securities Plc is a commercial property investment company with Real Estate investment (REIT) status specialising in the development and refurbishment of quality buildings within established and proven office, industrial and logistics markets of the South East and London.

The Company's strategy is to invest in well-located, quality commercial real estate assets with income and capital growth potential over the longer term, realisable through active portfolio management, refurbishment and development.

ESG: Net Zero Carbon Ambition

Our focus is on long-term sustainability by creating low carbon, resource-efficient and healthy buildings with the ambition to achieve a net zero carbon portfolio well in advance of the UK's 2050 target. As part of this, all new developments will target zero carbon in operation by 2030. Electricity in our multi-let properties is now from renewable sources.

We will continue to monitor our progress to ensure that we are on track to reach a zero carbon portfolio ahead of our 2050 target.
