CYPRESS POINT

A CORPORATE ADDRESS IN UPTOWN FORT LAUDERDALE

Cypress Point sits at the center of the Cypress Creek corridor, where Citrix, Citi, Walgreens and Broward Health anchor roughly eight million square feet of office within a mile and a half of the site.

A 2025 capital program covered exterior finishes, a resurfaced and re-stripped parking field and restored landscaping. The building carries 200 kW of on-site generator backup and fully sprinklered concrete tilt-up construction engineered to Florida hurricane code. Suite 300 was previously built out as laboratory space and can be demised into two units.
