ANDERSON COUNTY

LOCATION

Anderson County lies along I-85 in the northwestern portion of upstate South Carolina, equidistant to Atlanta, GA and Charlotte, NC. The area has one of the lowest costs of living in the nation and is a thriving industrial, commercial, and tourist center.

BUSINESS CLIMATE

With more than 200 major manufacturers and 20 international companies in the County, Anderson has a thriving business climate. Aside from being one of the most progressive and beautiful parts of the country, the Upstate provides an exceptional business climate for some of the world's leading companies. With generations of industrial experience and one of the nation's strongest workforces, the Upstate has an unparalleled track record in manufacturing excellence. So strong, in fact, that Upstate South Carolina has the highest international investment per capita in the United States.

INVESTMENT IN SOUTH CAROLINA

In 2024, South Carolina continued to see strong economic development, securing 140 projects that brought in \$5 billion in capital investment and created over 12,000 jobs. This represents a significant increase from previous years, demonstrating the state's continued attractiveness to businesses. A highlight of the year was Mark Anthony Brewing Co.'s ongoing expansion, with a \$400 million investment in its Richland County production facility remaining a top contributor to the state's overall investment totals. With a diverse range of industries, South Carolina is cementing its position as a key hub for business growth and job creation.
