

The background of the image is a close-up, top-down view of several teal-colored feathers. The feathers are arranged in a symmetrical, fan-like pattern, with their central rachis pointing towards the center. The barbs of the feathers are fine and closely packed, creating a rich, textured appearance. The color of the feathers is a vibrant teal or turquoise, with some darker and lighter variations due to the lighting and the natural structure of the feathers. In the center of the image, there is a white square frame. Inside this frame, the words "SQU" and "ARE" are stacked vertically in a bold, white, sans-serif font. Below the frame, the word "WORKS" is written in the same font, centered horizontally. The overall composition is clean and modern, with a strong emphasis on texture and color.

WORKS

Welcome to Square Works

Welcome to Square Works – a workspace that goes beyond just desks and chairs, offering a unique blend of luxury and creativity. As part of Quarter, an independent hospitality group with over 60 years of experience, we've pioneered a co-working space that feels like a home for individuals and businesses of all sizes, with 5-star hotel-like service integrated into your everyday.

At Square Works, we listen to our members. From the coffee to the lighting, every detail is designed with you in mind. Last year, we expanded to No. 19 Berkeley Square, introducing five floors of luxurious offices, meeting rooms, and a state-of-the-art fitness suite.

Sustainability matters to us - We believe in creating a workspace that not only serves the present but contributes to a sustainable future. Bike storage, solar panels and local sustainability initiatives are just the beginning. Our commitment extends to eco-friendly practices from energy-efficient lighting to waste reduction programs.

Our strong sense of community is what sets us apart. From the friendly welcome our members enjoy every morning, to the lively members' parties that continue into the night, we foster connections beyond the traditional work environment. Square Works is more than just a workspace; it's a community ready to collaborate and inspire, and we're excited to welcome you.
