Description

The property is a former 1930's factory, which has since been converted into high quality office accommodation. Upon entering the building, one is greeted with an impressive reception providing a hat tip to its former industrial heritage with an exposed cast iron column, large warehouse-style entrance door and themes of exposed concrete throughout the communal areas.

The available office accommodation is located on 4th floor and has been refurbished to provide a fully fitted office floor with two demised roof terraces. Original factory style windows spanning three elevations along with a generous floor to ceiling height provide an abundance of natural daylight and volume throughout.
