ZONING

I - 1 / PCP-AV

In addition to all permitted I-1 uses, the PCP-AV overlay zoning in Scottsdale is applied to select properties, primarily within the Greater Airpark area, to allow flexible, mixed-use development that supports the district's economic and aviation-related character. The overlay works in conjunction with the underlying zoning to permit a broader range of uses, including **commercial, residential, hospitality, aviation-oriented activities, and vehicle sales, rental, and leasing.**
