

The question isn't how much space you have—it's whether your facility helps engineering, prototyping, machining, and production work better together.

ENGINEER. PROTOTYPE. MACHINE. PRODUCE. ALL UNDER ONE ROOF.

Designed for robotics, AI, aerospace, defense, engineering, advanced manufacturing, and life science companies **building the future.**

29,200 SF

ROCKY RIVER, OH **IN THE AEROZONE**
15 MINUTES TO **NASA GLENN RESEARCH CENTER**

31' CLEAR HEIGHT

Room for large equipment, overhead cranes, and growth

480V 3-PHASE POWER

Heavy-duty power for advanced manufacturing

HEADQUARTERS + PRODUCTION

Premium office space connected to a full production floor

BUILT FOR WHAT'S NEXT

Aerospace, defense, engineering, robotics, R&D, and more

15 MINUTES TO NASA GLENN

Right in the Aerozone – close to talent, suppliers, and partners

FLEXIBLE PRODUCTION SPACE

ADAPT. SCALE. DELIVER.

HEADQUARTERS-QUALITY OFFICE

LEADERSHIP. ENGINEERING. OPERATIONS. ALL TOGETHER.

31' CLEAR HIGH BAY

BIG CAPACITY FOR BIG IDEAS.

SEE HOW YOUR TEAM COULD BUILD WHAT'S NEXT HERE.
